Neil Fairbanks will ask your permission to build the reward a second time in your city. 70K earning but loses 80 mayor points: ----- Submitted by: SimCity4ProfessionalPlayer It's simple, all you have to do, is to build a landing strip anywhere you like. Then, you take the mission of the big airplane in it (the one which the missions uses it to do sky painting, to create the pant in the sky). Click on 'What's my alternative' and then Dr. Vu will tell you to paint a 'VU' word in the sky. Also, there is another one but is only recommended in very dire situations (money turns to zero) but do not use it if u have low mayor points. Build an Army Base, drive the tank and destroy the building targeted. And this is one more tip: build the army base near the end of the map, den u can do the mission of 'Tank Get Away' and den your tank will be at the army base, so you can move your tank out very quickly. Stampede: ----- Submitted by: Erick Email: escobarerick@gmail.com Press Ctrl+Alt+Shift ( at the same time ) and go to god mode. now click on the animals and put animals in ur city. now you have a stampede. Good Earthquake Money: ----- Submitted by: B Type in riskymoney into the box, then highlight and press ctrl c. then hold down ctrl and press x-v-enter while holding ctrl. repeat as desired. it will cause an earthquake, so do this cheat before you put anything in your city. i usually go up to about \$2,400,000 before i start my city. after that i use the weaknesspays code.
